

SOUTH HILLS :: WORSHIP

South Hills overall mission is to lead **unchurched** people into a growing relationship with Jesus Christ. This relentless mission to seek and save the lost informs the lens in which the weekend services operate. This should ultimately affect the target audience, thus the strategy and language that is used within effected ministries.

HUMBLE

Always assert ourselves in a posture of humility.

Our hearts are right before God.

- Is there anything I need to repent and bring before God?

We serve and lead with no strings attached.

- Is there any other agenda in my heart other than serving God, the church, and the team?

We do the "humble thing."

- Have I asked outside of my responsibilities, "How can I help?"

We invite feedback.

- Have I asked people within the team, "What did you see, feel, think, hear?"

INTENTIONAL

Always lead with intentionality.

We understand where we are, who we are leading, and where we are leading people.

- Where are we (figuratively and literally)? Who is here? Where are we going?

We are ready to explain the "why" in order to meet the unchurched or immature Christian where they are.

- Have I asked the "why" behind my songs, sets, moments, etc.? Is there an appropriate place to convey a "why" to the church?

HOPEFUL

Always put the hope of the gospel on display.

We visibly model engaging, joyful, and passionate worship.

- Am I smiling and engaging with my body?

We leave people with a sense of hope and encouragement.

- Do our songs move people's emotions?
