

The Roster: Oct. 26

//DISCUSS

Q1 – Who's someone that's made a big impact on your life just by letting you watch how they live — not just by what they said?

What did you pick up from them that stuck with you?

Q2 – Mentoring or investing in people can be messy and inconvenient.

Why do you think God still calls us to do it?

What makes it hard for you personally to pour into someone else?

Q3 – The sermon talked about the “curse of knowledge bias” — how once we know something, we forget what it was like *not* know it.

When have you seen that happen in real life?

How can you stay patient with people who aren't where you are yet?

Q4 – Who's someone in your life right now that you see *potential* in — maybe someone younger or just a little behind you on the journey?

What's one small, real thing you could do this week to encourage or invest in them?

//PRAY

Lord, we pray that you would help us to find someone that we can invest in and that you would also provide people to invest in us.
